

# DICOM Correction Proposal

STATUS	New
Date of Last Update	2019/06/03
Person Assigned	Jim Philbin
Submitter Name	Jim Philbin <jim@philbin.us>
Submission Date	2018/11/08

Correction Number	CP-1872
Log Summary: Improvements to Worklist Service	
Name of Standard PS 3.18 2019	
Rationale for Correction: Clarify that 'For a Worklist or a Filtered Worklist resource, the origin server will no longer create new subscriptions to Workitems for the Subscriber and will no longer send Event Reports to the Subscriber related to any Workitems. This transaction corresponds to the UPS DIMSE N-ACTION operation "Suspend Global Subscription".	
Correction Wording:	

*Update Section 11.12 as Follows:*

## **11.12 SUSPEND GLOBAL SUBSCRIPTION TRANSACTION**

This transaction is used to stop the origin server from automatically subscribing the User-Agent to new Workitems. This does not delete any existing subscriptions to specific Workitems.

**For a Worklist or a Filtered Worklist resource, the origin server will no longer create new subscriptions to Workitems for the Subscriber. This transaction corresponds to the UPS DIMSE N-ACTION operation "Suspend Global Subscription".**
